Response to Amendment/Argument

1. This action is in response to amendment filed 09/10/07, which has been entered.
2. Claims 1, 4-13, 16 and 18 are still pending.
3. The declaration filed on 09/10/07 under 37 CFR 1.131 has been considered but is ineffective to overcome the Mendelson reference (US 6,559,826).
4. The evidence submitted is insufficient to establish a reduction to practice of the invention in this country or a NAFTA or WTO member country prior to the effective date of the Mendelson reference.
5. Specifically, applicant argues (see pp. 3-4 of the 09/10/07 response) that the effective filing date of Mendelson reference (US 6,559,826) should have been February 10, 2000 and therefore is not available as prior art under §102 because the claimed invention was made at least as early as February 10, 2000. The argument is not persuasive for the following reason:

The Mendelson reference is a continuation-in-part of 09/187,161, which has a filing date of 11/06/1998, earlier than 08/17/1999, the date the patent disclosure shown in Exhibit A (part of the 09/10/07 response) was prepared, as applicant asserted in the

09/10/07 declaration. The '161 application contains sufficient support, in compliance with 35 U.S.C. §112 ¶1, for the subject matter relied upon to make the rejection. (For example, see Figs. 6, 7 and 9 and pp. 21-23 of the '161 application.) Therefore, the effective filing date of Mendelson, at least regarding the subject matter relied upon for the rejection, is November 6, 1998, not February 10, 2000 as applicant contended.

[Note: A copy of the abandoned '161 application is not provided since it has never been published.]

6. Accordingly, the 35 U.S.C. §103 rejections of the office action mailed 05/10/07 are maintained.

Conclusion and Contact Information

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

8. A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
